INDUSTRIAL PROCESS VALVES

Valve Type	Body Material	End Connection	Size
Ball Valve	Cast Iron	Threaded	¼" – 4" Threaded / Socket & Butt Weld
Gate Valve	Ductile Iron	Butt weld	½" – 12" Flanged
Globe Valve	Carbon Steel	Socket weld	
Check Valve	Stainless Steel	ANSI 150 / 300 / 600 / 900	
Butterfly Valve	Forged Steel	PN 10 / 16 / 40	
Y-strainer	Cast Steel	JIS 10K	
	Alloy Steel		
			Pressure Range
			800 / 1000 / 2000 / 3000 / 6000 PSI
			Class 150 / 300 / 600 / 900 / 1500 / 2500 (Pressure Seal)

DUAL PLATE CHECK VALVES

Standard	Class
ANSI, BS, DIN, JIS	Class 150 - Class 1500 PN 10, PN 40
Medium	Material
AIR, OIL, WATER	FC, FCD, WCB, CF8, CF8M, CF3M, C83600, C95800
Size	
2" - 48"	

BUTTERFLY VALVES

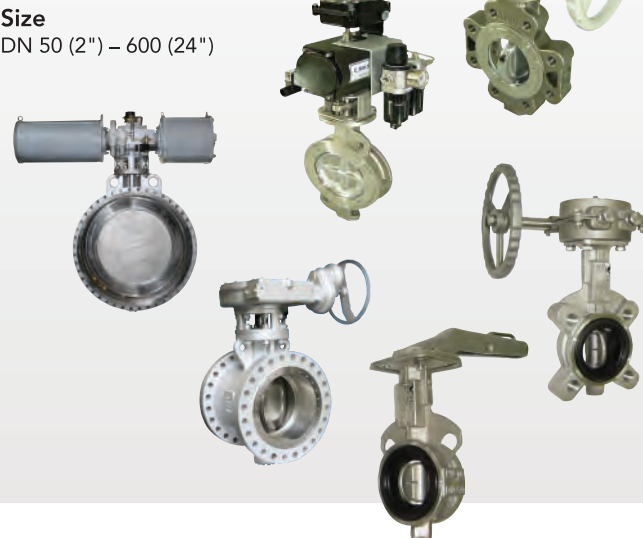

Centric Rubber Seated
Lever, Gear, Pneumatic, Electric operated
Cast Iron , Ductile Iron , Stainless Steel

Allowable Pressure
DN 40 - 600, 16 bar
DN 650 - 1200, 10 bar

Double Eccentric, PTFE / Metal Seated
Lever, Gear, Pneumatic, Electric operated
Carbon Steel , Stainless Steel

Allowable Pressure
ANSI Class 150, PN25

PROCESS CONTROL VALVES

- Applications**
- Biotechnology
 - Chemical & Petrochemical
 - Fire Protection
 - Food & Beverages
 - Industrial Gases
 - Mining
 - Naval & Marine
 - Oil & Gas
 - Pharmaceutical
 - Power Generation
 - Process Cooling Water
 - Water & Waste Water Treatment

- Type of Valves**
- ON/OFF Control
 - Pressure Reducing Valve
 - Pressure Relief Valve
 - Pressure Sustaining Valve
 - Pilot Operated Control Valve
 - Safety Relief Valve

PLASTIC PIPES, FITTINGS & VALVES

PVC Polyvinyl Chloride & CPVC Chlorinated Polyvinyl Chloride
PP-H Polypropylene & PVDF Polyvinylidene Fluoride
